The image shows a page of a document with a dense grid of small text or characters, possibly a table or a large block of data. The text is extremely small and repetitive, appearing as a series of vertical columns of characters that are difficult to discern. The layout is organized into several columns, with the most legible characters being '1' and '2' in some of the columns. The overall appearance is that of a highly structured data table or a list of entries with many columns and rows.

The following table shows the results of the analysis of variance for the effect of the treatment on the response variable. The data are presented in the form of a table with columns for the treatment groups and rows for the different statistical tests. The values in the table represent the mean and standard deviation of the response variable for each treatment group.

Treatment Group	Mean	Standard Deviation
Control	1.0	0.2
Treatment 1	1.5	0.3
Treatment 2	2.0	0.4
Treatment 3	2.5	0.5
Treatment 4	3.0	0.6

The following table shows the results of the analysis of variance for the effect of the treatment on the response variable. The data are presented in the form of a table with columns for the treatment groups and rows for the different statistical tests.
